Re: Polar Mesa Mine

Dear Mr. Bunker:

Your recent undated letter to this Division was helpful, but unfortunately the information provided therein is not sufficient to satisfy the requirements of the Utah Mined Land Reclamation Act.

Our records indicate that on January 31, 1977, you were sent copies of MR-Forms 1, 2, and 4. This Division has not received any one of these forms back from you.

The 1975 Mined Land Reclamation Act provides for all active mines to have contacted this Division through the filing of a Mining and Reclamation Plan by the 1st of July 1977. Failure to perform this function can result in Board action against an operator and in some cases, fines up to \$10,000 for each violation.

Enclosed for your information is a copy of the Act. We look forward to hearing from you in the near future.

Sincerely,

DIVISION OF OIL, GAS, AND MINING

RONALD W. DANIELS
COORDINATOR OF MINED
LAND RECLAMATION
